## Technical

Crafted from timber, The March chair bears all the hallmarks of the design partnership that is Sir Kenneth Grange and SmithMatthias: SmithMatthias' reverence for natural materials coupled with Sir Kenneth Grange's unrivalled comprehension of ergonomics has resulted in a wooden chair with an unexpected level of comfort. This superior comfort derives from the chair's sculpted back which also contributes to March's timeless aesthetic. Added to its classic looks and user friendliness is the fact that March also stacks. Available in a natural timber finish or a range of colours, March demonstrates an exquisite attention to detail that is integral to this design partnership.
