
VWork - Desk and Hot Desk

Simon Pengelly

Technical

VWork Desk, named after its distinctive V-shaped joinery, was born from parent product VTable. Sold as standalone, starter, extension and end units, the set-up options are fully adaptable for permanent workspaces of any size. The VWork Desk has a variety of accessory options, such as integrated power and data and a cable tray, to aid the user's everyday working needs.

Made to suit a temporary style of working, VWork Hot Desk allows for more movement than its sister product VWork Meeting, which was designed with a more permanent office space in mind. The VWork Hot Desk enables collaborative working, with an optional screen to aid concentration. It has an accessible and centralised cable system, allowing the user to plug in and out with ease.

Both desks are available in natural or black stained oak.

Materials

Top	FSC certified lacquered oak veneer on MDF with solid oak edging
Legs/Frame	FSC certified solid oak matt lacquered
Lid	Machined solid oak with a matt lacquer finish
