
PLC Side

PearsonLloyd

Technical

The PLC chair is a modern take on the classic timber chair. There is a sincerity to PearsonLloyd's simple design, a modest candour that belies the chair's considerable comfort. Crafted from pressed ply in an oak veneer or matt painted finish with the option to upholster seat and back, PLC has solid timber legs in a natural oak or matt painted finish. Contributing to the resurgence of timber in the workplace, PLC has become a paradigm in its field.
