
April System

Sir Kenneth Grange & SmithMatthias

Technical

The April System is a modular sofa system that offers complete flexibility of form and function. From simple straights to sinuous, flowing curves, the April System can be linear, structured and formal or intimate and inclusive. Whether dividing up large public areas or creatively separating space, this modular system is unexpectedly feminine, with a refined sculptural elegance, slender silhouette and incredible attention to detail that elevates it above the ordinary.

Materials

Frame	FSC certified hardwood plywood, glued and screwed
Foam	CertiPUR certified foam
Leg	Die cast aluminium in a polished or powder coated finish
Foot	Nylon glide
